

STATE-OF-THE-ART TECHNOLOGY

AUDIOVISUAL INFRASTRUCTURE

Rio Tinto Alcan Planetarium

Montreal, Quebec, Canada, 2013

For over 45 years, the Montreal Planetarium shared its passion for the sky and stars with its visitors, young and old. Today, the Rio Tinto Alcan Planetarium, located close to the Biodôme, offers a completely fresh experience of astronomy. With its bold design, the Rio Tinto Alcan Planetarium incorporates the strictest sustainable development criteria.

Description
